**We are facing a JOBS EMERGENCY in Akron, Summit County, Ohio and across our country.** People are unemployed and underemployed. People aren't earning enough to pay their mortgages and buy enough to keep the economy going.

**A bill has been introduced in the Ohio House (HB 271) that would create public jobs putting unemployed people to work in Summit County and throughout Ohio fixing our communities and helping people. Funding would come from Ohio surplus funds.**

**All Summit County Ohio House and Senators have been invited to hear from the public about the bill.**

**ATTEND! ASK A QUESTION! MAKE YOUR PRESENCE FELT!**
